B.O.L.O.

There have been reports of individuals posing as Pembroke Pines police officers and knocking on residents doors in the area of NW 130 Ave from Pines Blvd to Johnson Street.

All residents are asked that you should check who is at your door prior to answering and if you have any doubt call the police at 954-get-help or 954-438-4357. Or call 911 in the event of an emergency.

If you have any information residents are asked to contact the Pembroke Pines Police Department.

Here is a description of the individuals in question:

A black male with long dreadlocks, 6'00", and approximately 200 lbs. A second person was seen wearing a white hoodie hiding behind a wall, and another black male wearing a black shirt with khaki pants.

A white or silver Jetta occupied by 4 or 5 black males with hoodies was seen leaving the area by the neighbors.

AN EVER MORE FREQUENT CRIME

By Bruce Eisner

On a recent Friday, I spent two hours in the 'Fish Bowl' at the Pines Eastside Police Station. During that brief time, I spoke to five people who came in wanting to file a Police report for the identical crime: Income Tax Theft. Even though the identity theft is a crime that our Department investigates, it is the U.S. Treasury Department who investigates the I.R.S. crime. And from what I have been told, they are so overwhelmed, that it could be a year or more before they can even open their investigation.

For those of us who are expecting a refund that has not yet arrived, you check on the status of the refund either by calling 1-800-829-1040 or by going on line to: <http://irs.gov>. You will need your Social Security # and the amount of the refund with either method. If there is a problem report it to our Police Department as well as the I.R.S., A.S.A.P.

With the advent and proliferation of the internet, Social Security #'s are stolen by Scammers, Hackers and Old Fashion Thieves. They then sell that information to those who are actually taking the refunds.

Your best protection is to stay informed. In addition to checking with the I.R.S., you can get a free copy of your credit reports on line at: <http://annualcreditreport.com> from each Credit Bureau once each year. If you need further information, you check with our Economic Crimes detectives.

Hurricane Season!!

Guest Speaker: Ofc Clarence Wilson

Know the Lingo
Hurricane Watch—Hurricane conditions are possible within 36 hours. Your preparations should be underway.
Hurricane Warning—Hurricane conditions are expected within 24 hours. Your preparations should be rushed to completion.
Know the Hazards
Storm Surge—Storm surge is the most dangerous element of a hurricane. This is a dome of ocean water that can be 20 feet high at its peak and 50 to 100 miles wide. Nine out of 10 hurricane fatalities are attributable to storm surge.
Wind—A hurricane is a tropical storm with constant winds greater than 74 miles per hour. These winds can extend inland for hundreds of miles. Hurricanes can also spawn tornadoes, which add to their potential for destruction.
Rain—Because of the tropical nature of hurricanes, they contain rain which can, at times, be torrential and cause floods and flash floods.
Know When to Go
Evacuation—Hurricane evacuations are ordered by the Broward County Mayor to protect coastal residents from dangerous storm surge, and mobile home residents from rising water and high wind. The type of evacuation ordered will be based upon the severity of the storm.
 Evacuation Plan A - Hurricane Category 1 or 2 - All residents east of the Intracoastal Waterway, mobile home residents, residents beside tidal bodies of water and in low-lying areas.
 Evacuation Plan B - Hurricane Category 3 and higher - In addition to those required to evacuate under Plan A, all residents east of U.S. 1 (Federal Highway) should evacuate.

Be Prepared!!
Ofc Clarence Wilson will give you all the info!
Be there! Take notes!

PRESIDENT'S MESSAGE

Just a little note about our May meeting. .

Detective Dawn Groves was very good and very interesting. She said to me I don't know if the people will be interested about my job. Well, how wrong she was.

After talking to some of the members they felt the same way that I did. I never realized that there are different kinds of arrests. Most of the people thought, including myself that once you arrest someone, you are done. How wrong we all were. An Officer's job is not finished just because he arrested someone and did his paperwork. Detective Groves has to do a lot of work sometimes with the State Attorney's office. We also learned that time means so much in any case. Because there is so much paper work to do and a lot of follow up work to do time means everything.

One thing is for sure Detective Groves was an interesting speaker and we all learned a lot.

I attended the 35th graduation class which is always fun. It takes me back to my graduation many years ago. There were just a couple of our members there. The new graduates seem interested in the Alumni and a couple gave their dues which made feel good.

Our June meeting will be with Officer Clarence Wilson. This is important to attend. Hurricane season is here and we got to be prepared for it. We never know when we will be hit by a hurricane.

Remember the third Tuesday in June at 7 pm. Hope to see you there.

Sandy
